To Valued Business Partners:

Today on March 23rd, 2020 Governor Holcomb announced a “Stay at Home” Executive Order 20-08 throughout the state of Indiana. The Executive Order 20-08 will be effective at 11:59 p.m. on March 24th, 2020 and remain in effect until 11:59 p.m. on April 6th, 2020 unless the governor rescinds, modifies, or extends this Executive Order.

IDI Composites International will remain open because it falls within the definition of an “Essential Business or Operation” as described in Governor Holcomb’s Executive Order 20-08 section 14 p and section 14 u. Our team member will to continue to report to work for our usual shifts and work schedule. Our production, shipping and receiving operations remain in effect.

The safety of our employees and their wellbeing remains our focus. We continue to take preventative measures in the workplace including washing of hands, using hand sanitizer, wiping down work surfaces, and maintaining social distancing.

We appreciate your tremendous support during this challenging time. If you have any questions about this communication, please let us know.
